

Tangletown Neighborhood Association Board Member Expectations

Mission Statement: The Tangletown Neighborhood Association exists to enhance the quality of life for those who live, work, or play in Tangletown through advocacy, community engagement, and neighborhood initiatives.

Tangletown Neighborhood Association Strategic Plan:

In 2017, the Tangletown Neighborhood Association went through a strategic planning process. The process included significant neighborhood engagement through surveying, listening sessions, and key informant interviews. The ten member board used this feedback to form a strategic plan for how to focus the Tangletown Neighborhood Association's work over the next 3 years. The following areas describe our vision for 2018-2020:

Core areas of focus:

- Engaged, welcoming community
- Beautiful, purposeful spaces
- Innovative environmental leadership

Supporting areas of focus:

- Accessible, livable housing
- Vibrant business community
- Strategic partner for an enhanced Fuller Park
- Improved multi-modal transportation

Underlying all our areas of focus, we will strive to be a robust and dynamic organization that serves the needs of the neighborhood.
